

01/19/21 LFCUD Technology Committee Meeting

Zoom Meeting

Meeting ID: 978 4666 5385

Passcode: 856182

Members Present: John Myer, Larry Lackey, Charlotte Reber, Sam Lotto

Guest: Chris Foran – Stowe LFCUD Member

6pm – Meeting Called to Order:

1. Reviewed Agenda - Tech Committee Comment – none.

Opened to public comment -none.

2. Reviewed and approved 12/17 Meeting Minutes. Vote 4-0

3. LFCUD – Board - Review Tech Committee Request:

Development of an info sheet providing up to date information on the various broadband technologies. Including, 5G and low orbit satellites while having a full list of options

Audience is the Layperson, content needs to easily consumable,

Committee reviewed First Pass Matrix

Group agreed the Matrix would capture the raw content,

Group agreed they would do final report that would have the following sections:

What are the Broadband Technologies?

Need to define what upload/download speed is - why it is important?

Need to define asynchronous and synchronous and why that is important?

Who are providers in the LFCUD?

Summary of Pricing Structure

Common Use Cases for the Broadband Technologies

Action Items:

E-mail content to Sam to input into Matrix,

Low Orbit Satellites – John M,

DSL – Charlotte,

Fixed Wireless - Sam

Sam to update Matrix and upload to Dropbox.

Once on Dropbox

Sam will inform Committee Members.

4. Tech Committee Outreach and PR - develop work stream for a Web Site Page? Blog? FAQs?

Lamoille FiberNet

Group agreed we need to align efforts with Marketing Committee – avoid duplication of effort,
Group agreed Tech Committee would respond to Marketing Committee requests,
We would also feed them content as we develop it

5. Identify Agenda Items for 2/16/21 Meeting.
Continue work on Broadband Technologies Document

7pm - Adjourn
